

Empowering cybersecurity professionals in Europe

What is CyberHubs?

The European Network of Cybersecurity Skills Hubs (CyberHubs) is a 3-year initiative joining forces to enhance the cybersecurity professional skills ecosystem in Europe. CyberHubs will establish a sustainable network of seven Cybersecurity Skills Hubs in **Belgium, Estonia, Greece, Hungary, Lithuania, Slovenia, and Spain**. These hubs will promote the development of professional skills in cybersecurity and support the development of a skilled cybersecurity workforce in the short, medium and long term.

Our objectives

- Conducting comprehensive cybersecurity professional skills mismatches analysis;
- Developing national cybersecurity professional skills strategies in partner countries;
- Organising a European Cybersecurity Hackathon to foster innovation;
- Facilitating knowledge sharing mechanisms between Cybersecurity Skills Hubs;
- Promoting collaboration between education and industry sectors.

CyberHubs at a glance

3-year project
(2024 – 2027)

Funded under
Erasmus+

7 CyberHubs around
Europe

21 Partners &
3 Associated Partners

What are we working on?

- A sustainable European Network of Cybersecurity Skills Hubs;
- National strategies to boost the cybersecurity professional workforce;
- Innovative cybersecurity solutions through the Hackathon;
- Long-term partnerships and collaboration with the wider cybersecurity ecosystem.

Which challenges will be addressed?

- Shortage of cybersecurity professionals;
- Lack of relevant education and training;
- Limited collaboration between academia and industry;
- Accessibility to training and education;
- Rapidly evolving cybersecurity threats.

Meet our consortium

Led by DIGITALEUROPE, this initiative involves 21 full partners spanning 11 European Member States and 3 associated partners.
